Decore Ocra

Matt

Decore Ocra is a bohemian of modern living that turns a natural phenomenon into a contemporary design gem. Its power lies in its uniqueness; at first glance, its high qualities attract admirers. It combines seemingly disparate colors. It is mesmerizing, unmistakable and changes the environment in an unusual way, wherever it gets space to shine.

Poetic Black

Matt

Being poetic doesn't mean being whimsical. Find your way of poetry in the seemingly dark landscape of Poetic Black. The poetic black and white variation in matt design is ageless, classical and the beauty of the contrast between the dominant white veins on the black background retained due to the unique properties of quartz.

Crystal Calacatta Silva

everlasting beauty

TechniStone[®]

Crystal Calacatta Silva

Polished

Just as a tree needs its roots to live, Crystal Calacatta Silva is inherently a network of dark brown veins. Feel the harmony of nature and technology. Resilience, strength and durability in dark patterns on a snowy white background. Allow beauty to enter and shine on a large format.

Gobi Urban Matt

Urban, unpretentious, and chic. Like you, its style is wonderfully unique. The fine-grained structure with white and translucent fragments of quartz softens the gray integrity of Gobi Urban matt, lending to it a balanced, lightweight style ideally suited for the modern home. Tasteful, timeless elegance.

Ambiente Light

Terra

Touches of sublime delicacy alternate with a rough surface, look and feel. Where a sense of the refined temporality of life itself meets the raw design, pure beauty and ultimate timelessness of quartz. Like a moment of beauty at once transient and permanent, the captured perfectionism of Ambiente Light is gentle in name, but unbreakable in essence.

Residente Dark

Terra

A design inspired by the forces of industry, the timelessness of great art and the unparalleled beauty of the purely practical, Residente Dark is like a fortress hidden in the raw material of the third millennium. The distinctive combination of dust gray with dark shades of cement and gravel leaves a lasting impression as deep and mysterious as the cosmos itself. Precise in its design, freed from unnecessary sentiment, the natural beauty of Residente Dark exhibits the power of a material liberated from the superficial.
